The Mission of Jewish Family
Services (JFS) is to provide
comprehensive social services
designed to strengthen and
enhance the functioning of
Jewish individuals and families
within atmosphere of loving
kindness (Chesed) and
righteousness (Tzedekah).

We at Jewish Family Services believe in lending a hand to those who have become overwhelmed by life's pressures and problems. For more than 40 years, Jewish Family Services has provided individualized, compassionate care to those in need. We work with members of our community who are isolated, at-risk or vulnerable, as well as individuals and families who are seeking advice, assessment or referrals.

JFS motivates and empowers individuals at every stage of life. People and families come to JFS to realize their potential to achieve personal goals and enhance their quality of life. We encourage strong families, thriving children, healthy adults, energized seniors and vital communities.
